316 STAINLESS STEEL

COUPLINGS

Seal Fast Stainless Steel Cam Locks

All bodies are Investment Cast 316 Stainless
with Investment Cast handles and pins in 304 Stainless

CAM & GROOVE

All threaded couplings supplied with NPT threads standard. Some items can be supplied with BSPT threads.

All couplers are supplied with Buna-N gaskets standard. However this sealing compound may not be compatible with all applications.

Offering higher quality, at a price competitive with standard imported couplings.
